Bartlesville Community,

Thank you for your overwhelming support of the Bartlesville Public Schools during the bond issue election on August 13, 2019.

Here are the final election results:

- Proposition 1: 81% YES for \$16.1 million for technology, facilities, equipment, etc.
- Proposition 2: 83% YES for \$1.85 million for transportation

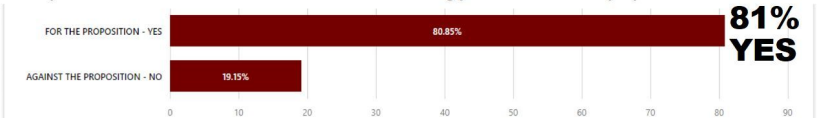

Those are the largest approval margins for any of our district's school bonds in over 30 years. We deeply appreciate the vote of confidence and the trust invested in our district's priorities. There were two propositions on the ballot since state law requires that bonds for transportation must be voted on separately from other items.

These bond issues will allow us to advance the excellence established from previous bond issues. Our students will benefit from the technology, STEM/Vo-Ag, curricular supplies and services, maintenance and facilities, safety, and transportation provided by these funds through 2023.

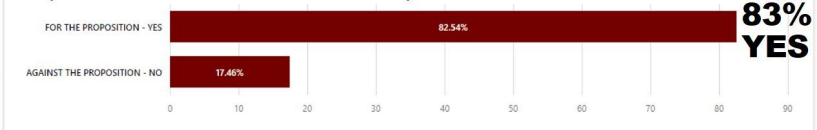

Again, thank you for supporting the Bartlesville Public Schools, and GO BRUINS!
